Total Payable	\$90									

Dear Parents/Carers,

Financial support by parents has always played a significant role in providing resources that extend the school's capacity to add value to the learning experiences of students. The continuing partnership between schools and parents is vital to ensuring that all students receive a level of education sufficient to enable them to have success in today's society. Parents support for the contributions section in 2023 was at 75%.

The Margaret River Primary School Board has endorsed the schedule of contributions and charges for 2023 under section 108 of the School Education Act 1999. The schedule is broken into sections which will allow you to ascertain costs for the year.

Certain items may not be required if retained from previous years. It also may be necessary to replace some items such as pencils throughout the year.

All schools, including MRPS, offer other services that incur costs but are not directly related to educational costs such as school uniforms, school photos, book club, and charitable collections (free dress days). These costs have not been added to our calculations.

The school has its own EFTPOS/Credit card facilities and payment can be made at the front office at any time or via internet banking.

We appreciate your ongoing financial support with the payment of the contributions and charges as they will make a difference to the quality of education we can provide for your children.

DEFINITION	AMOUNT
<u>Voluntary Contributions</u> The total amount of voluntary contributions parent and carers are being asked to pay has been contained within the \$60 maximum set in the School Education Act and Regulations 2000. Contributions are voluntary; however the quality of our teaching and learning programs will be maximised when each family makes a contribution to supplement funding from other sources, including State and Commonwealth Governments.	K-6 \$60.00
<u>Other charges</u> A breakdown of estimated charges for your child's participation in incursions, excursions, activities, etc. for 2021 has been included in the schedule over the page. Students will only incur costs when they are involved in a particular activity. If your child attends an excursion and there is an excess in funds collected, the excess will be used for another excursion your child attends or a refund will be issued. The amounts are the maximum charges for scheduled activities in 2021. As in the past you will be asked to make payments for each activity as it approaches. These costs are associated with specific learning activities available to all students, but conditional on a payment being made at the time of the excursion or incursion.	Various (see over)
<u>Items for personal use</u> You will receive a personal item list indicating what your child will need during the year. These can be purchased through any retailer although the school has used Callows Newsagent in Busselton as the quoted prices were the most competitive.	As per year level item list
